Re: Supplement to Joint Application of DES Communications, Inc. and Sunesys, LLC  
For Domestic Section 214 Authorization To Transfer Assets  
WC Docket No. 07-116

Dear Ms. Dortch:

At the request of Staff, the following Supplement is submitted to the above-referenced Joint Application that was filed with the Commission on May 29, 2007. All capitalized words or party names used herein have the same meaning as in the Joint Application:

- At the top of Page 4 of the Joint Application, information was provided in response to 47 C.F.R. §63.04(a)(4) with respect to the ownership of Sunesys, LLC, the transferee. The following information is provided as a supplement to such information, to reflect the relevant ownership of Sunesys' current parent, InfraSource Services, Inc.:

"InfraSource Services, Inc. owns 100% of the equity of InfraSource Incorporated. The following entity owns 10% or more of the equity of InfraSource Services, Inc.:

FMR Corp.  
82 Devonshire Street  
Boston, MA 02109

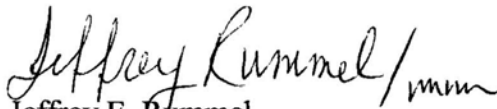

As of the date of this filing, FMR Corp., a mutual fund firm, serving individual and institutional clients, is the beneficial owner of 13.997% of IFS's outstanding common stock."

- In addition, the following explanation is provided as a general supplement to the above-referenced Joint Application:

"It is noted that there is currently pending before the Commission an application requesting Commission consent to the transfer of ultimate control of Sunesys to Quanta Services, Inc. (See File No. WC 07-94). As set forth in that application, the transfer of ultimate control of Sunesys will involve no disruption, impairment, or other change in the entity providing service to customers, the facilities used to provide such services or the rates, terms and conditions of such service. The transfer of control of Sunesys will be transparent to customers and Sunesys will continue to operate under the same name and operating authority as at present. Accordingly, the transfer of ultimate control of Sunesys being addressed under File No. WC 07-94 - will have no impact whatsoever on the instant transaction, nor with respect to the assets involved in the instant transaction or the services being provided with such assets."

Should any questions arise with respect to this matter, please communicate directly with this office.

Very truly yours,
